High Performance Materials
for Durable Applications

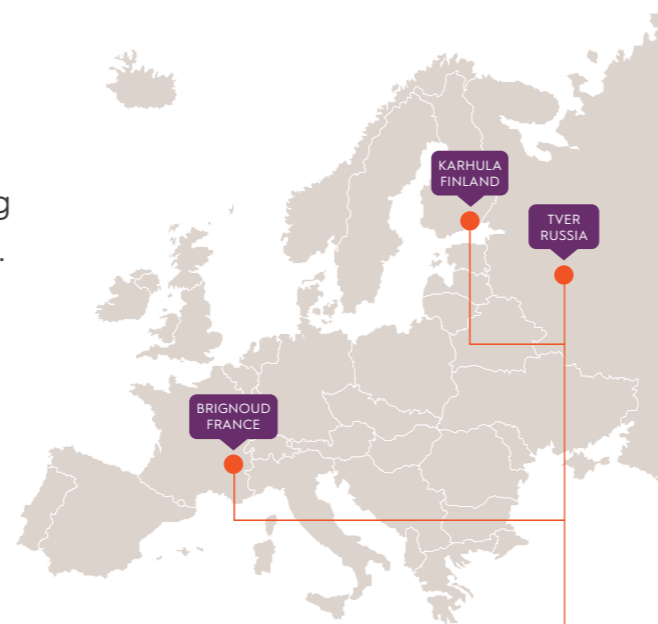

AHLSTROM
MUNKSJÖ

Introducing FibRoc® Flooring.

Ahlstrom-Munksjö is a leading, global manufacturer of high performance fiber-based solutions, supplying nonwovens to the flooring industry for over 40 years.

We are the only supplier with two glass nonwoven manufacturing lines focused on flooring segments. Delivering security of supply, these two lines utilise unique foam forming technology and are located in Karhula, Finland and Tver, Russia. Additionally, we also manufacture wet-laid and needlepunch nonwoven products in Brignoud, France.

Manufacturing platforms for the FibRoc® portfolio are fully certified for quality (ISO9001), safety (OHSAS 18001), and environmental (ISO14001) standards.

Comprehensive portfolio

FibRoc® is a comprehensive range of nonwovens offering the best solutions for different flooring segments.

Ahlstrom-Munksjö in brief

At Ahlstrom-Munksjö we make smart solutions out of fiber. We add value by combining fibers with our advanced technology and innovative and entrepreneurial culture, constantly exploring novel materials and new applications. Sustainability, innovation and quality are central in all our solutions – compostable food and beverage processing and packaging materials, liquid and air filtration media, diagnostic materials and protective medical fabrics are only the beginning. This is why when we imagine the future, we imagine fiber.
